DETAILED ACTION

Drawings

1. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the drawings originally filed 5/22/2000 are deemed acceptable for examination purposes only. However Applicant is advised to submit drawings in conformance to USPTO practice. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Allowable Subject Matter

2. Claims 1-10 and 12 are allowed.

3. The following is an examiner's statement of reasons for allowance: Applicant's arguments presented in the communication filed 10/5/05 are persuasive. The cited prior art alone or in combination does not fairly disclose or suggest the claimed combination of features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
